Graduate Student Fellowship in Electrical Engineering at the King Abdullah University of Science and Technology (KAUST)

**Research Area:** Computational Electromagnetics

The applicant must have completed a B.S. degree in Electrical Engineering, Physics, Applied Mathematics, Computational Sciences and Engineering, or a related discipline, with a capacity for graduate-level research proven by a strong GPA and (possibly) undergraduate research record. Good mathematical and analytical thinking skills and knowledge of undergraduate level electromagnetics, photonics, and/or optics are desirable. Good programming and technical writing skills are a plus.

**Duties:** The successful applicant will be involved in producing and publishing research results.

**Affiliation:** The graduate research assistant will be associated with the Electrical Engineering Program (EE) within the Division of Computer, Electrical, Mathematical Sciences and Engineering (CEMSE) at the King Abdullah University of Science and Technology (KAUST) ([http://www.kaust.edu.sa](http://www.kaust.edu.sa)).

**Location:** KAUST campus is located in Thuwal (80 km north of Jeddah). The campus includes a seaside town with housing, shops, schools, and numerous recreational amenities.

**Application Deadline:** There is no specific deadline. Applications will be considered until all the positions are filled.

**Stipend and Benefits:** The stipend is very competitive and tax free. In addition, the appointment includes fully paid tuition, fully furnished accommodation (including utilities), and medical and dental insurance.

**Application Materials:** Interested candidates should e-mail Prof. Hakan Bagci at hakan.bagci@kaust.edu.sa Please provide:

- A complete professional CV, which includes educational background and experience
- Transcripts from all universities attended (unofficial transcripts are accepted)
- Names, affiliation, telephone numbers and e-mail addresses of three individuals who will provide letters of reference, if requested
- A brief statement of research interests/plans (no more than two pages)
